

Business Finance You Don't Pay Back - February 2016

This month I have an article about business finance that you don't have to repay and a guest article: "5 Golden Rules For Healthy Cash Flow", written by our friends at MarketInvoice. This edition also contains information about open ended contracts, recent research, tips about advertising and a piece on the benefits of using a factoring broker.

As always, if I can help you by conducting a free, independent invoice finance quotation search for you please contact me. On average I have been able to:

- **Save 4 out of 5 businesses money** on quotes received elsewhere
- **Save my clients 35%**, of their invoice finance costs

With kind regards,

Sean
